Furniture / Mattress Cleaning Guide

Abecca recommends weekly cleaning of furniture and mattresses, as keeping Vinyl, PVC & LimberShield™ products well maintained is essential to keep durability and visual appeal. Make sure you attend to spills immediately, wipe spill using a clean, dampened cloth and if needed a mild solution of liquid detergent and warm water or an approved cleaning solution, repeat if necessary. Please ensure all wet cleaning is followed by drying using a clean dry cloth.

The following products are Safe and effective for use on Abecca®'s products:

- Whiteley V-Wipes Hospital Grade Disinfectant
- Clinell Universal Sanitising Wipes
- Reynard Neutral Detergent Wipes

**Please follow these recommendations
to get the best use out of your furniture**

*If you would like to use a different cleaning product, please contact Abecca® at **customerservice@abeccadesign.com** before use to confirm compatibility with our Vinyl, PVC & LimberShield™ thermo-fused technology, failure to do so may void your warranty.*

Safe

Waterproof

Fire Retardant

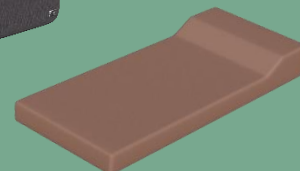

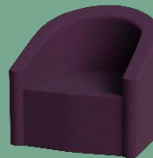

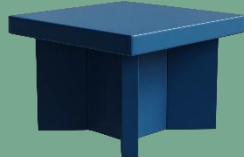

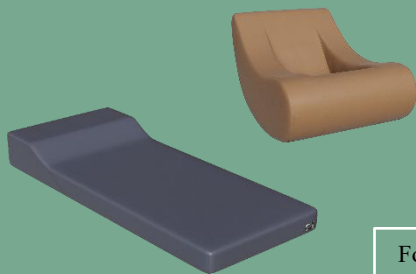

Anti-bacterial

Washable

Soft

For warranty purposes we highly recommend keeping a weekly cleaning log as this will be asked for along with the products used to clean the furniture when any claim is made.
